

THE SUPPRESSED HISTORY OF THE FIGHT AGAINST VACCINATION

19TH CENTURY (1800s)

"There does not exist one single fact, in all the experiments and improvements made in science, which can support the idea of vaccination. A vaccinated people will always be a sickly people, short lived and degenerate." —Dr. Alexander Wilder, MD, "Vaccination: A Medical Fallacy",

vaccination literature. And if we could add to this all the suppressed facts, we would have a mass of evidence before which no vaccinator would dare to hold up his head." —Dr. Robert A. Gunn, MD, "Vaccination: Its Fallacies and Evils", 1882

"I have no faith in vaccination, nay, I look upon it with greatest disgust, and firmly believe that it is often the medium of conveying many filthy and loathsome diseases from one child to another, and it is no protection from smallpox." —Dr. William Collins, MD, London, 1882

"Vaccination has made murder legal. Vaccination does not protect against smallpox, but is followed by blindness and scrofula. Jennerism is the most colossal humbug which the human race has been burdened with by FRAUD and DECEIT." —Mr. Mitchell, member of the British House of Commons

"Of these dogmas, I believe the practice known as vaccination to be the most absurd and most pernicious. I do not believe that a single person has ever been protected from smallpox by it; while I know that many serious bodily evils and even deaths, have resulted from its employment. The whole theory is founded upon assumption, contrary to common sense and entirely opposed to all known principles of physiology. Every physician of experience, has met with numerous cases of cutaneous eruptions, erysipelas and syphilis, which were directly traceable to vaccination, and if these cases could be collected and presented in one report, they would form a more terrible picture than the worst that has ever been drawn of the horrors of smallpox." —Dr. Robert A. Gunn, MD, Dean of the United States Medical College of New York

"Vaccination is a monstrosity, a misbegotten offspring of error and ignorance; and being such, it should have no place in either hygiene or medicine...Believe not in vaccination, it is a worldwide delusion, an unscientific practice, a fatal superstition with consequences measured today by tears and sorrow without end." —Dr. Carlo Ruta, Professor of Materia Medica at the University of Perugia, Italy, 1896

"Vaccination is a grotesque superstition." —Dr. Charles Creighton, MD, MA "Vaccination is a gigantic delusion. It has never saved a single life. It has been the cause of so much disease, so many deaths, such a vast amount of utterly needless and altogether undeserved suffering, that it will be classed by the coming generation among the greatest errors of an ignorant and prejudiced age, and its penal enforcement the foulest

blot." — Alfred R. Wallace,
LLD DUBL., DCL OXON., FRS, etc., 1895

20TH CENTURY (1900s)

"The great epidemics of deadly diseases, in animals and mankind, are caused by vaccination." — Charles M. Higgins, "The Horrors of Vaccination: Exposed and Illustrated", 1920

"I believe vaccination has been the greatest delusion that has ensnared mankind in the last three centuries. It originated in FRAUD, ignorance and error. It is unscientific and impracticable. It has been promotive of very great evil, and I cannot accredit it any good." — Dr. R. K. Noyse, MD, Resident Surgeon of the Boston City Hospital, "Self Curability of Disease"

"The chief, if not the sole, cause of the monstrous increase in cancer has been vaccination." — Dr. Robert Bell; Vice President, International Society for Cancer Research, British Cancer Hospital, 1922

"Vaccination is the most outrageous insult that can be offered to any pure-minded man or woman. It is the boldest and most impious attempt to mar the works of God that has been attempted for ages. The stupid blunder of doctor-craft has wrought all the evil that it ought, and it is time that free American citizens arise in their might and blot out the whole blood poisoning business." — Dr. J.M. Peebles, MD, MA, PhD, "Vaccination: A Curse and Menace to Personal Liberty", 1900

"Cancer was practically unknown until the cowpox vaccination began to be introduced. I have seen 200 cases of cancer, and never saw a case in an unvaccinated person." — Dr. W.B. Clark, MD, Indiana, New York Times article, 1909

"At present, intelligent people do not have their children vaccinated, nor does the law now compel them to. The result is not, as the Jennerians prophesied, the extermination of the human race by smallpox; on the contrary more people are now killed by vaccination than by smallpox." — George Bernard Shaw, 1944

"The English Ministry of Health omits to state that in 1872, when 05% of the infants born were vaccinated, there were 19,000 deaths from smallpox in England and Wales. While in 1925, when less than half the children born were vaccinated, there were only 6 deaths from that disease." — Dr. Eleanor McBean, PhD, ND, "The Poisoned Needle", 1957

"Vaccination causes miscarriage. A careful check showed that 47% of women who had been vaccinated in the second or third month of pregnancy, failed to give birth to a normal child." —

"Vaccination at Work", The Consulting Pediatrician of Lanarkshire County Council, The Lancet (London), p.97, December 6, 1952

"My honest opinion is that vaccine is the cause of more disease and suffering than anything I could name." —Dr. Harry R. Bybee

"Vaccination, instead of being the promised blessing to the world, has proved to be a curse of such sweeping devastation that it has caused more death and disease than war, pestilence, and plague combined. There is no scourge (with the possible exception of atomic radiation) that is more destructive to our nation's health than this monument of human deception—this slayer of the innocent—thiscrippler of body and brain—the poisoned needle." —Dr. Eleanor McBean, PhD, ND, "The Poisoned Needle", 1957

"The greatest LIE ever told is that vaccines are safe and effective."—Dr. Leonard Horowitz, MPH (Master of Public Health), DMD, MA, Harvard University graduate

21ST CENTURY (2000s)

"The entire vaccine program is based on massive FRAUD."—Dr. Russell L Blaylock, M.D., neurosurgeon, editorial staff of Journal of American Physicians and Surgeons

"Vaccination is a business based on fear." - Dr. Gerhard Buchwald, MD

"Vaccinations do not work. They don't work at all." —Dr. Lorraine Day, MD

"Vaccinations are now carried out for purely commercial reasons because they fetch huge profits for the pharmaceutical industry. There is no scientific evidence that vaccinations are of any benefit." —Dr. Gerhard Buchwald, MD, "Vaccination: A business based on FEAR"

"Don't get your flu shot." —Dr. Raymond Francis, D.Sc., M.Sc., RNC, chemist, MIT graduate

"My own personal view is that vaccines are unsafe and WORTHLESS. I will not allow myself to be vaccinated again. Vaccines may be profitable but in my view, they are neither safe nor effective." -Dr. Vernon Coleman, MB, ChB, DSc (Hon)

"Everyone who is vaccinated is vaccine injured—whether it shows up right away or later in life." —Dr. Shiv Chopra, B.V.S., A.H., M.Sc., PhD, Fellow of the World Health Organization, former senior scientist at Health Canada

"The pediatrician indoctrinates your child from birth into a lifelong dependency on medical intervention. The first stage of indoctrination is the 'well-baby' visit. The well-baby visit is a cherished ritual of the pediatrician that enhances their income and does nothing constructive for your child. It's a worthless visit." —Dr. Robert Mendelsohn, MD, board certified pediatrician

"Vaccines are the backbone of the entire Pharmaceutical Industry. If they can make these children sick from a very early age, they become customers for life. The money

isn't really to be made in the vaccine industry. The money is made by Big Pharma with all of the drugs that are given to treat and address all of the illnesses that are subsequent to the side effects of vaccines."—Dr. Sherri Tenpenny, D.O. (osteopathic medical doctor)

"Studies are increasingly pointing to the conclusion that vaccines represent a dangerous assault to the immune system leading to autoimmune diseases like Multiple Sclerosis, Lupus, juvenile Onset Diabetes, Fibromyalgia, and Cystic Fibrosis, as well as previously rare disorders like brain cancer, SIDS (Sudden Infant Death Syndrome), childhood leukemia, autism, and asthma."—Dr. Zoltan Rona, MD, "Natural Alternatives to Vaccination"

"The vaccine industry is itself a FRAUD. I spent my whole career studying vaccines."—Dr. Shiv Chopra, B.V.S., A.H., M.Sc., Ph.D., Fellow of the World Health Organization, "Corrupt to the Core"

THE ONLY REASON FOR CONTINUED VACCINATION "The greatest danger to your health is the doctor who practices modern medicine." —Dr. Robert Mendelsohn, MD, board certified pediatrician

Follow the money. It will lead you to the truth. The primary reason For vaccination is the assumption that vaccines prevent diseases. However, if historical data demonstrates that vaccines do NOT prevent diseases, then what is the purpose of vaccination?

Moreover, you've probably heard stories of parents being coerced and bullied into vaccinating their children and themselves at the pediatrician and doctor's offices. There are reasons behind the coercion and bullying.

"There is a vaccination ring in England, receiving millions of the public money. It is in their interest to favor the practice at all hazards and to falsify statistics in order to conceal its failure and its evils. There are also armies of public vaccinators in every large city all over Europe, who are supported from the public treasury, and every practitioner who does not oppose the practice, derives a considerable income from its continuance." —Dr. Robert A. Gunn, MD, "Vaccination: Its Fallacies and Evils", 19th century

"Drug companies are not here to bring health to the population but to SCAM them on one level for vast amounts of money." —Sir William Osier, MD, FRS, FRCP, widely considered as the Father of Modern Medicine (1849-1919), 20th century

"Disease is more rampant because of commercial greed. When the Rockefeller-Standard Oil crowd muscled into the drug and pharmaceutical business in such a big way, 'scientific medicine' (if there is such a thing) was turned into a racket which shortened many American lives from ten to twenty years." —Morris A. Beale, "The Drug Story", 20th century

"Many doctors and some editors are making money by propagating the vaccination

curse." —Dr. Thomas Morgan, MD, "Medical Delusions", 20th century

"Vaccination is not scientific. Many of the world's greatest thinkers, scientists, statesmen and even doctors have condemned vaccination as being a crime against humanity, a FRAUD promoted for private gain, an insult to the race and a blot upon the name of civilization. Yet, this treacherous practice of blood pollution, which was cradled in the lap of ignorant savage tribes, has been adopted by, supposedly, enlightened government of the present day and forced on the protesting population—for profit." —Dr. Eleanor McBean, PhD, ND, 1957

"Vaccinations are now carried out for purely commercial reasons because they fetch huge profits for the pharmaceutical industry. There is no scientific evidence that vaccinations are of any benefit." —Dr. Gerhard Buchwald, MD, "Vaccination: A Business Based on Fear", 21st century

"The vaccination myth is the most widespread superstition modern medicine has managed to impose, but, being by the same token the most profitable, it will prove to be also one of the most enduring, though there was never the slightest of scientific evidence upholding it." —Hans Ruesch, "The Great Medical Fraud", 20th century

"Doctors are punished by insurance companies like Blue Cross and Blue Shield if doctors don't get a certain percentage of their patients to comply with the vaccination schedule. If 63% are non-compliant, they don't receive any of their bonuses." —Robert F. Kennedy, Jr.

"Medicine is no longer a calling. It is a downright cut throat business." —Professor Dr. Belle Monappa Hegde, MD, 21st century

"The current medical system is designed to create chronic disease. There is no money in being healthy." —Dr. Irvin Sahni, MD, 21st century

"The bottom line is that the medical systems are controlled by financiers in order to serve financiers. Since you cannot serve people unless they get sick, the whole medical system is designed to make people sicker and sicker." —Dr. Guylaine Lanctot, MD, 21st century

"It is difficult to get a person to understand something, when their salary depends on them not understanding it." —Upton Sinclair, "The Jungle"

THE PHARMACEUTICAL INDUSTRY MADE A LAW PREVENTING PEOPLE FROM SUING THEM FOR VACCINATION DAMAGE

In 1986, US President Ronald Reagan passed the National Childhood Vaccine Injury Act (NCVIA). The act was drafted by the drug companies and shielded them from legal liability resulting from vaccine injuries and deaths. Basically, NCVIA prevented parents from directly suing the drug companies (vaccine makers). The parents have to file claims in the vaccine injury court that was established through the act. About \$0.75 of

every vaccine sold is used to fund the vaccine injury court. From 1986 to 2018, the court paid over \$4 billion to parents with vaccine injured children. It is estimated that the court, due to budget constraints, dismisses about 66% of the cases, and some cases can take up to 8 years to settle.

Furthermore, in one report US and Human Services estimated that only about 1% of vaccine injuries are reported to VAERS (Vaccine Adverse Event Reporting System). Most parents are unaware that the most common side effects of vaccines are allergies, asthma, brain damage, autoimmune diseases, cancer, and death. In addition, from 1986 to 2017, the drug companies were fined nearly \$25 billion—these fines were unrelated to vaccines and most were for fraud, bribery, and false advertising.

"International bribery and corruption, fraud in the testing of drugs, criminal negligence in the unsafe manufacture of drugs—the pharmaceutical industry has a worse record of lawbreaking than any other industry. Data fabrication is so widespread that it is called 'making' in the Japanese pharmaceutical industry, 'graphiting' or 'dry labelling' in the United States." —Dr. John Braithwaite, MD, "Corporate Crime in the Pharmaceutical Industry"
